FARM BUREAU MEETING HELD LAST SATURDAY

Big Farmers Day Meeting to be Held Sept. 11th, Instead of County Fair.

The Lawrence County Farm Bureau is the first organization of our farmers that has gone "over the top." It is the first one that has reached the point of doing things.

The membership has now reached a substantial number, the dues have been paid in, and the Bureau has begun to function. Headquarters for the organization, equipped for business and comfort, exclusively for the farmers, their wives and children, is one of the best initial steps that could have been taken. Don't fail when in Louisa and see how well it is arranged. It is a home for the families when in town.

On last Saturday two very able addresses were made at the court house to farmers who came in response to the announcement. The attendance was not as large as it should have been, and only those who attended know what those missed who stayed away. Geoffrey Morgan and K. L. Varney, known throughout the State for their ability and also for the fact which they use in the interest of the farmers, were the speakers. Every time you miss their speeches you are lower.

Below we publish an account of the meeting, written by Lee A. Garred, in which he announces a big farmers day on Sept. 11th, to take the place of a county fair.

Farmers' Day in Louisa a Success.

Quite a number of farmers and their wives came to Louisa Saturday, Aug. 14th, to attend Farmers Day. Several brought their dinner and we had a splendid lunch spread on the lawn of the court house. After lunch we assembled in the court house and heard addresses from Geoffrey Morgan, secretary Kentucky Farm Bureau, Fred Burton, and K. L. Varney, district agent. Both gave excellent talks in which was outlined the farmers' viewpoint of conditions today, his relation to the economic status of the world, prices of his products and the future of the Farm Bureau.

In accordance with promises made to each member who joined the Bureau, we opened for the first day a "Farmers Headquarters" in Louisa. This office contains two rooms, one the office of the secretary of the Farm Bureau and County Agent's office combined, the other equipped as a rest room for women only. This rest room contains chairs, rockers, tables, one dressing table, a cot for baby's use, and a lavatory. This rest room is to be maintained by the Farm Bureau exclusively for the farmers' wives and daughters, at a rent of \$25.00 per month, and it is expected that the women of the county and their daughters not only will visit this room prepared for them when they are in town, but that they will in some measure help to maintain it the way they want it. They can do this by coming in and seeing what we need and donating it to the rest room or by holding picnics or something and applying the proceeds on the rent. Mrs. Tom Miller of Turcklight, was the first lady to use the rest room and she was greatly delighted as well as many others who visited it on that day. Mrs. John Vaughan left her babies and spent an hour or so shopping in town, which shows the convenience of the rest room if properly used and visited by the women. It is hoped we will soon have some lady in charge who will keep it open all day and assist in helping to make it a home for farmers' wives when they are in town.

Among the ladies visiting the rest room was Mrs. Rhoda Spencer of Georgetown, who returned Monday bringing with her a counterpane for the cot, and while here she and Mr. Spencer bought certain goods and Mrs. Spencer having her needle, thread and scissors along, very kindly made window curtains for both windows and put them up. This is the kind of spirit we need and the kind of women who will make things go. We sincerely hope that other women will follow such examples; then we will not be uneasy about the future of the women's rest room.

It seems well here to mention, and extend our thanks to those business men in Louisa who have very liberally donated furniture and other things for use in the Farm Bureau office. It was the general opinion of every member who saw the office Saturday and they openly expressed themselves that if they never got any more, for their \$5 dues than the use of a nice office and accommodations such as we have now, they were perfectly satisfied and would pay their dues as long as they remained in the county.

It was voted at the meeting Saturday to hold another Farmers' Day Sept. 11, either at Louisa or some desirable point in the county. The place will be announced in next week's paper. It is expected to have 1000 farmers and their wives present on that day, all to bring dinner, as this day will take the place of a county fair. Boost Sept. 11th and come yourself.

Yours truly,
L. A. GARRED, Pres. L.C.F.B.

Mrs. Harriet Lewis has been quite sick several days.

REPUBLICAN ADDRESSES DEMOCRATIC CONVENTION

Wayne county Democrats attending the 7th district judicial convention held in Logan were privileged to an unusual treat in hearing a staunch supporter of the Republican party address an enthusiastic Democratic convention.

Prof. J. B. McClure, of Omar, Logan county, and a relative of Prof. T. B. McClure, of Wayne, was invited to attend the gathering of Democrats and availed himself of the opportunity to deliver a mighty neat little Democratic talk. He expressed his warm feeling for the Democratic party, saying that the party had furnished him his wife.

Prof. McClure, in closing, said: "I am one of those reasonable minded kind of Republicans. I know of no higher honor that has come to me than this opportunity to address an assembly of Democrats."—Wayne News.

URGE USE OF FALLS TO PRODUCE ELECTRIC POWER

Washington, Kentucky is one of only five States in the Union in which public utility plants produce no electric power by means of water power, according to data made public by the Geological Survey. Electric power aggregating 21,112,000 kilowatt hours was produced in Kentucky in May by coal, petroleum and natural gas.

Exploitation of the Ohio river falls at Louisville for the production of electric power would curtail the amount of coal and gas used for this purpose, it has been pointed out.

SCHOOLS OF LOUISA WILL OPEN AUG. 30

The Fall term of the Louisa High School will begin on Monday, August 30th, with Prof. Kennison as principal. All pupil-children of the Louisa Graded School district who are less than eighteen years of age and have successfully passed the Common School Diploma examination will be admitted free of tuition. (Those who have previously enrolled in the High School are not affected by the regulation as to Common School Diploma.) All pupils of this county outside of Louisa who hold the Common School Diploma will also be admitted and their tuition paid for by the county. The Louisa High School is a fully accredited Grade A high school recognized by the Kentucky State Board of Education. Pupils from outside this county will be admitted as heretofore.

The Fall term of Grades I-VIII will open at the same time with Miss Sallie Gearhart as principal; and Mrs. Georgia A. Hyington, Misses Garnette See, Dora Johns, and Mary Compton, assistants. All of these grades will be taught at the public school building this year and will be free of tuition to all pupil-children of this district. Kentucky Normal College will open at the same date, with Pres. W. M. Dyrington in charge of the Normal work. As Pres. Dyrington has no connection with the free schools of Louisa this year all work in his department will be strictly private classes for those who come from outside the Louisa Graded School district and any from within the district who make private arrangements with him. The Commercial department, under Prof. McDowell, an able Music department under Prof. Sauter, have been in operation all summer, but will reorganize their programs on the above mentioned date.

Lawrence County Boy Dies at Columbus, Ohio

The body of Luther Ball was brought from Columbus, Ohio, to Louisa, reaching here on Thursday morning. It was taken to the home of his grandfather, Lindsey Thompson, at Ellen, for burial. He was the son of Mr. and Mrs. Mont Ball and his death which occurred Tuesday morning in a Columbus hospital was caused by appendicitis.

He was a handsome boy 12 years old. He had returned to his home in Columbus only a few weeks ago after spending most of the summer at the home of his grandparents.

He was a nephew of Roy Thompson, and Mrs. Drew Adams of this place. Accompanying the body were the parents and Mr. and Mrs. Oscar Ball, also Leo and Lee Carter.

The funeral will be held on Friday.

\$1,000 Per Acre Paid for a Lease

The Cumberland Petroleum Company, in which Stager brothers are large stockholders, bought a 250 acre lease recently from Bromberg & Son. The price was \$1000 per acre, the deal amounting to \$250,000. The property is 12 miles from Paintsville, near the Johnson-Magnum line. Two wells are now putting an average of 60 barrels per day into the pipe line and another well is about due for completion. Five strings of tools will be added to those already running on the lease. The drilling on this lease is from 1916 to 1918.

POULTRY CULLING AUG. 25-28. August 25 and 28 Mr. J. A. J. of Lexington will conduct several poultry culling demonstrations in the county and we hope all the neighbors will come in and see this done. The late moulting is the hen that lays the golden egg. Come out and see him cull the flocks and later watch the egg record and see if he doesn't know his business. C. C. BAKER, County Agent.

THREE RESCUED FROM DROWNING BY JEFFERS

The Huntington Herald says: Rescuing, single handed, three persons from drowning in the Big Sandy, a man who gave his name as D. C. Jeffers, and his home as Fairmont, W. Va. qualified as a real hero in the opinion of persons who witnessed his feat Sunday afternoon. Jeffers and another man were standing at the river side talking at 3:45 o'clock when a boat containing three people upset and jumped into the river. He was a powerful swimmer and soon brought the first of the party, a young lady, to shore. Returning as soon as his burden was safe at the bank he rescued a second young lady, and finally he went back and got the young man who was with them. None of the three could swim. They gave their names as Miss F. J. Davis, Miss Lucile Smith and John White, all of near Huntington.

Jeffers, who is a strong man of powerful build, told by persons that if anyone else would have done the same thing he did, had they been in his position.

Miss Parthenia Atkinson Marries in Colorado

The wedding of Miss Parthenia Atkinson and Mr. Dwight McDaniel took place at noon August 15th in Estes Park, Colorado. The bride is well and favorably known in Louisa, having spent her vacation here two years ago visiting her uncle and aunt, Mr. and Mrs. G. W. Atkinson.

Mr. McDaniel is a nephew of Mr. and Mrs. Atkinson and visited here before the world war. Since returning from France he has been detailed by the Government to have charge of Estes Park, Col.

After the ceremony they left for a four weeks' tour of Idaho and California.

Miss Atkinson's home was in Jacksonville, Florida. The following is from the Times-Union of that city:

To Be Married in Colorado.

Miss Parthenia Atkinson left Wednesday evening for Estes Park, Col., where she will be married to Mr. Dwight McDaniel. The announcement of the approaching marriage of Miss Atkinson will come as a surprise to the many friends of the bride-to-be, who before coming to Jacksonville to live, resided in DeLand.

Mr. McDaniel holds a responsible position with the government.

Miss Ira Atwater entertained at a blunder party in honor of Miss Atkinson the evening prior to her departure, the affair being given at her home, 244 West Church street. Others entertaining in her honor were Miss Dorothy Mattox, who gave a luncheon at the Seminole hotel, and Mrs. Edith Edwards, who entertained at a theater party.

WITNESS TO THE MATEWAN MURDERS SHOT BY ASSASSIN

A. E. Hatfield, aged 34, proprietor of the Urian Hotel, Matewan, W. Va., who was shot from ambush as he was seated in front of his place of business at 9 o'clock Saturday night, died Sunday morning at a Huntington hospital, where he had been taken for treatment.

The single bullet fired by the assassin went through Hatfield's chest and lodged in the jaw of Dr. Edward Simpkins, with whom Hatfield was conversing when the shot was fired. The condition of Dr. Simpkins, who was also taken to the same hospital, was reported much improved Monday night. He suffered a fractured jaw.

The assassination of Hatfield is said to have begun the outgrowth of the Matewan shooting on May 19, when seven Baldwin-Felts men and three miners were killed in an exchange of bullets. Hatfield was a witness at the special grand jury at which fourteen men were indicted. Shortly after the jury's investigation Hatfield received an anonymous letter warning him to prepare for death, as "he had not a few days to live."

Members of the state police allege the shot which took Hatfield's life was fired from the corner of a warehouse opposite the hotel.

Three confessed gun-users in the United Mine Workers effort to organize the Tag river coal field last night were confined in the Mingo county jail at Williamson where they will be held pending the investigation of the next grand jury.

Two of the men were arrested at Glen Alum Saturday night after an attack upon the power house of the Glen Alum Coal Company. The third was arrested by members of the state police on the West Virginia side of the river Sunday following an outbreak of fire which was poured into Freeburn, the mining town of the Portsmouth Solvay Coke Company, on the Kentucky side of the river.

All of the men are said to have confessed to being members of the roving band of gunmen who have been attempting to terrorize mining communities in the Tag river field for the last four weeks.

MR. MORDICA PROMOTED.

Mr. Wm. Mordica, of this place, C. & O. engineer, has been promoted to fuel inspector for the C. & O. It is from Lexington to the Ephraim City. He and his family will continue to reside in Louisa.

SANITARY SEWER HAS BEEN BOUGHT BY CITY OF LOUISA

All Taps Needed for Future Will Be Made Before Paving is Laid.

The City Council of Louisa has purchased from the Louisa Water & Improvement Company the sanitary sewer system laid sixteen years ago on plans and surveys made by J. C. Thomas. The price to be paid is \$10,000, payable \$2000 per year.

The city will require the sewer to be tapped now for all service needed in the future. This is very important, as it is impractical to permit the street paving to be torn up for this purpose from time to time. The exact plan has not been adopted, but the sentiment of the council is to handle the matter so as to be just to those who have already paid for the service, as well as to those yet to connect. In the long run this is sure to work out to the advantage of the citizens and at less cost than if privately owned.

Rain stopped the contract work for a few days, but the curb and gutter work and the grading has been resumed. The street in front of the court house, extending from the Louisa National Bank to Brunswick Hotel, is having the steam roller applied. Seven car loads of Kentucky Rock asphalt were ordered August 2nd and should be here very soon. The contractor hopes to complete this section before Sept. 1st.

The Louisa Water Company has distributed cast pipe along Lock avenue for replacing the spiral pipe now used there. Mr. Atkinson has not succeeded in getting quite enough 4-inch pipe to complete this line, but hopes to do so within a few days.

Doings in the Oil Field Nearest Louisa

The Ohio Fuel Oil company reports the following in regard to oil wells drilling and recently completed near Louisa.

The R. Blankenship well below the mouth of Two Mile creek, and the nearest well to the river yet drilled in that vicinity, is good for five barrels or more. It was shot a few days ago.

A. Collinsworth No. 6 is drilling at 1590 feet.

Thad. Ransom No. 5 is drilling at 1025.

Mrs. Hannah Lackey No. 9 has reached depth of 1150 feet.

Arthur Blankenship well No. 7 is being cleaned out.

The machine is set up at R. Blankenship No. 1, at Yatesville to pull the raising.

A machine is being set up at J. H. Diamond No. 4.

The Richmond Drilling company is moving rig from L. S. Alley No. 7 to Conley & Burgess No. 2.

King & Kingley are moving a machine on J. F. Diamond farm, location No. 3.

The well on the Low Hewlett farm on Brushy is due to reach the Berea sand to-day.

Well No. 1, drilled on H. H. Evans farm in Elliott county by the Ohio Fuel, is being plugged and the casing pulled.

The New Domain Oil company is rigging up at location No. 16 on C. R. Peters farm two miles below Louisa.

Kentucky Has Smallest Tax Delinquency

Kentucky outranked the entire United States in the campaign against tax evaders ordered by the Government three months ago. According to figures in the hands of Federal authorities the total delinquency for Kentucky shows \$51,257.53, embracing 2,269 tax evaders. These are the lowest figures in the country for a State district.

The only district which gave a lower total than Kentucky was an eastern district and did not embrace an entire State as does Kentucky.

Washington authorities praised Collector Ellwood Hamilton highly in a letter received recently.

It was expected that the figures in Kentucky would come near the million mark, as was the case in many of the other States. Notices of delinquency were mailed last week to the offenders. Whether Washington will prosecute further than the collection of the penalties attached was not known by Collector Hamilton.

Rice Wins Over Wheeler in Johnson County

Imaac G. Rice, Paintsville, won the Republican nomination for Commonwealth's Attorney in the Twenty-fourth District by a vote of 1,253 to 1,032 for J. W. Wheeler, also of Paintsville. H. R. Conley was nominated by the Republicans for County Judge of Johnson county over W. H. Vaughan, who was appointed to the vacancy by Governor Morrow. Mr. Conley received \$36 to Vaughan's \$94.

ICE CREAM SOCIAL.

There will be an ice cream social at Paintsville Saturday night, August 21. Proceeds for benefit of the orphan home. Come out everybody and help a worthy cause. COMMITTEE.

CARNIVAL EMPLOYEE KILLED IN TRAIN WRECK

Ashland, Ky.—William Ham, 25, an employee of the McDaniels Carnival company, who was killed in a C. & O. wreck near here last Sunday, was buried in the Ashland cemetery, after city officials had spent a week in a vain search for his relatives. The deceased's last words were that he lived on Walnut Hill, Danville, Ky. Telegram to that place, however, failed to elicit any information. The expenses of the funeral were borne by the manager of the carnival company, and the music was furnished by the bands of the carnival company and the Ashland Elks. The Rev. Paul Powell, pastor of the Methodist Church, South, had charge of the services.

PARTY VISITS "BREAKS."

Mrs. Charles L. Newman, who has been spending the summer with her sister, Mrs. Hannah Lackey, left Monday morning for her home in Atlanta, Georgia. She goes by the southern route, and was accompanied to Johnson City, Tenn., by Mrs. Lackey, Miss Sarah Savage, Miss Hermia Northrup, and her niece, Miss Virginia and Martha Russell, of Ashland. On their return trip through the "Breaks" the party will visit the "Settlement" school at Hindman, Ky.

RICE GETS APPOINTMENT.

Frankfort, Ky.—Governor Morrow has appointed Isaac G. Rice to be Commonwealth's Attorney of the 24th Judicial district, which office has been vacant some time. Rice won the Republican nomination for the office at the recent primary. The district comprises Johnson and Martin counties.

BLAIR IS WINNER IN NINTH DISTRICT

Frankfort.—Official results from the race for the Republican nomination for Congress in the Ninth district show W. G. Blair, West Liberty, won the nomination by 159 plurality over W. B. Yazell of Mason county, his nearest opponent. The figures compiled by the Secretary of State follow:

W. G. Blair, 2,461.
W. S. Yazell, 2,302.
Omar W. Barber, 2,150.
H. R. Davis, 1,550.
H. Clay McKee, 301.
George Osborne, 272.

Charges Cattle Buyer Gave Cold Checks

Mt. Sterling, Ky.—Charged with attempts to swindle cattle breeders, a cattle buyer, giving his name as R. C. Westfall and his home as Portsmouth, Ohio, is in jail here. Complaint was lodged by John Deboard, Johnson county, who telephoned Portsmouth to see if Westfall's checks were good and said he was told that no such man as Westfall was known there. Westfall gave farmers checks for \$5,505 and Deboard had resold for his \$2,000 worth of cattle, turning the proceeds over to Westfall. Westfall was arrested after he had gone from here to Richmond.

FUNERAL OF MRS. MARY THOMPSON SUNDAY

At Evergreen church, near Adams postoffice in Lawrence county, on past Sunday at 10:30 a. m., the funeral of Mrs. Mary Thompson will be preached by Rev. J. D. Bell, of Louisa. Deceased was the mother of Mrs. Cora Burton and Mrs. Hester Carter, of Louisa.

T. J. SNYDER CONTINUES IN CHARGE OF LOCKS

Mr. T. J. Snyder, Lockmaster for Big Sandy river, has received a two-years extension of his time in that position, dating from the 20th instant. He will not move from the residence on the West Virginia side of the river, as reported.

ALL WOMEN MAY VOTE FOR PRESIDENT

The Tennessee Legislature in special session Wednesday ratified the amendment to the constitution adopted by Congress. This makes the necessary 36 States and the law will be in effect in time for all women in the United States to vote in the presidential race this year.

Thus ends a fight that will be wide reaching in its results and the outcome will be watched with a great deal of interest. It will be necessary for those women to vote who were opposed to woman suffrage. They will find it necessary in self defense.

HERE FROM KANSAS.

M. F. Rose, of Santa, Kansas, was visiting friends and relatives here for the past two weeks. He has found some old friends and schoolmates whom he has not seen for 23 years. He has visited several places of his childhood days. Mr. Rose expects to leave for his home about August 25.

Mr. Rose was in Louisa Wednesday and wishes to state that he is from Kansas instead of Missouri as was reported in last week's issue of the News.

MARRIAGE LICENSES.

Lon M. Kerns, 23, to Grace Whitney, 21, of St. Albans, W. Va.
Wm. Barker, 22, to Jean See, 27, of Louisa.

Harderson Burton, 26, to Martha Ward, 22, of Ulysses and Patrick.

BILLION GALLONS OIL IS EXPORTED

Washington, Aug. 14.—Despite the nation-wide oil shortage exports of crude and refined oil for the fiscal year 1920 were nearly one-third as great as imports, according to foreign trade figures made public today by the Department of Commerce.

Crude oil imports amounted to 2,826,849,592 gallons, of which Mexico sent more than 2,825,000,000 gallons and Trinidad and Tobago more than 1,000,000 gallons. Refined oil imports totaled 31,433,344 gallons.

Exports of crude oil aggregated 354,357,795 gallons, Canada taking the major portion with more than 200,000,000 gallons, followed by Cuba with near 17,000,000 gallons. Refined oil exports amounted to 690,859,413 gallons, not including 2,037,420 gallons of bunker oil laden on vessels engaged in foreign trade.

Great Britain led as the market for refined oil, receiving more than 205,000,000 gallons, Canada next with about 146,000,000 gallons, Brazil with more than 55,000,000 gallons, ranked third.

Compared with 1919, exports of crude oil for 1920 increased by about 190,000,000 gallons, while refined oil fell off by more than 200,000,000 gallons. Imports of both crude and refined oil increased nearly 1,000,000,000 gallons.

FREEBURN HAS MORE SHOOTING

Williamson, W. Va.—The Freeburn plant of the Portsmouth-Solvay Coke Company was again fired into on Saturday evening about 7 o'clock, the first shot being directed, seemingly, at the headquarters of the Kentucky National Guard near the store building.

Some five or six other shots were fired from the hillside before the soldiers could get their guns in action. When they did the firing was brisk for a time, and it was hard to tell just how long the men in the hills kept it up. Machine gun fire was fired by the militia and kept going for three minutes, after which there was no more firing from either side.

On Sunday shots from the hillside were again fired into the Freeburn plant, and again there was return fire from the soldiers. Some of the shots came from a building, Mill, just below Freeburn, on the Kentucky side, and at least two men were seen and recognized. These were Frank and Andy Daniels, and they were later found at home and arraigned. Their brother, "Doc" Daniels, was found hiding behind a door when the officers entered the house, and he, too, was arrested, though he had not been seen to do any shooting. All three men were taken to Pikeville and placed in jail.

A thorough examination was made of the hillside about Freeburn, on both sides of the river, the state constabulary making it on the West Virginia side, and barricades and rifle nests were discovered and in one place a lot of dynamite. These things were destroyed by the officers.—News.

PRIMARY ELECTION CONTEST BETWEEN COUSINS, HURST & KASH

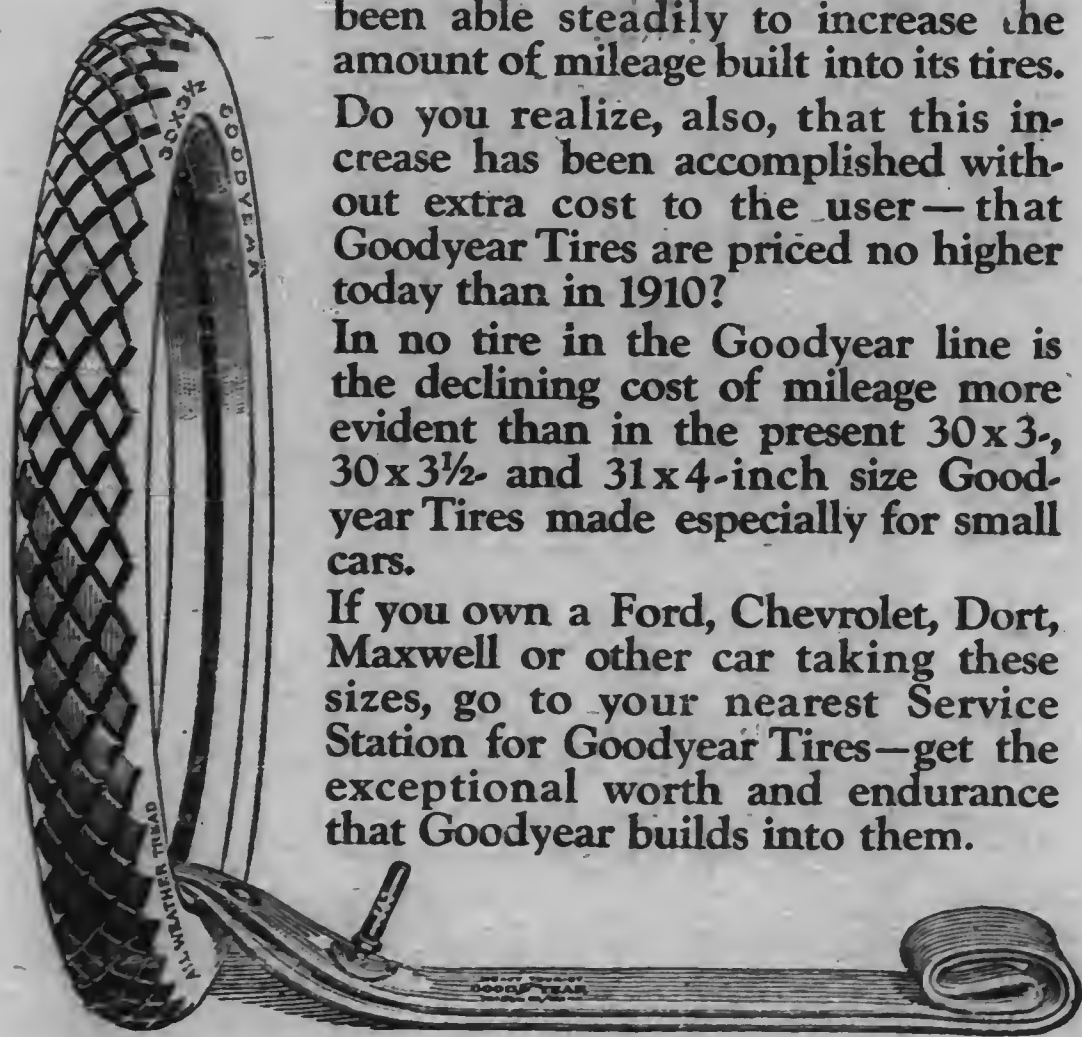

One primary election has been so bitter and heated that it may end in the courts. It took place between cousins, Sam Hurst, of Bentleyville and W. L. Kash, of Jackson, for nomination in the Twenty-third Judicial District.

Both are claiming victory, with returns showing Hurst apparently winner by 28 votes. Already Kash has threatened to file suit in the Franklin Circuit Court to prevent votes in certain precincts, where he alleges fraud was committed, being canvassed by Election Commissioners.

TRINITY SCHOOL.

There will be an ice cream festival, pie and guess social given at my school on Saturday night, August 21st. Welcome everybody. Come and bring someone with you. TEACHER.

Small Cars—and the Declining Cost of Tire Mileage

30 x 3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread \$23.50
30 x 3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? \$4.50
30 x 3 1/2 size in waterproof bag

GOODYEAR

You are aware, of course, that during the last ten years, Goodyear has been able steadily to increase the amount of mileage built into its tires.

Do you realize, also, that this increase has been accomplished without extra cost to the user—that Goodyear Tires are priced no higher today than in 1910?

In no tire in the Goodyear line is the declining cost of mileage more evident than in the present 30 x 3, 30 x 3 1/2 and 31 x 4-inch size Goodyear Tires made especially for small cars.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires—get the exceptional worth and endurance that Goodyear builds into them.

SOMEBODY'S DARLING.

WHY WOMEN SUFFER

MANY LOUISA WOMEN ARE LEARNING THE CAUSE.

Women often suffer, not knowing the cause.
Backache, headache, dizziness, nervousness.
Irregular urinary passages, weakness, languor.
Each a torture of itself.
Together hint at weakened kidneys. Strike at the root—get to the cause. No other remedy more highly endorsed than Doan's Kidney Pills. Recommended by thousands—Endorsed at home.
Here's convincing testimony from a Louisa citizen.
"My back was weak and sore, and it hurt me to stoop over. A dull ache across the small of my back made me miserable. After taking Doan's Kidney Pills, I felt all right and my back was strong. I haven't been bothered since."
Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wilson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (Adv.)

GIRLS! MAKE A LEMON BLEACH

Lemons Whiten and Double Beauty of the Skin

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White which can be had at any drug store, shake well and you have a quarter pint of harmless and delightful lemon bleach for few cents.
Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty of your skin.
Famous stage beauties use lemon juice to bleach and bring that soft, clear, rosy-white complexion. Lemons have always been used as a freckle, sunburn and tan remover. Make this up and try it.

DISCARDED
AS DANGEROUS

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

Take "Dodson's Liver Tone" Instead!

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel

and without making you sick, you just go back and get your money. If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It is harmless, pleasant and safe to give to children; they like it.

ANNOUNCEMENTS

We are authorized to announce CHARLEY EDWARDS as a candidate for the Republican nomination for County Court Clerk of Lawrence-co., at the primary to be held in August, 1921.

Friday, August 20, 1920.

Those who are opposed to war are for the League of Nations. That is its sole object.

R. L. Davis, of Hopkinsville, who recently resigned as Warden of the Frankfort penitentiary, has been appointed by Gov. Morrow as a member of the State Tax Commission.

A separate peace with Germany means that we will lose all the chief concessions, indemnities and agreements obtained under the Versailles treaty when we were acting with our allies. If we desert them now and try to act for ourselves Germany will make the terms herself, because she knows we are not going over there again to fight her single handed. We are still at war with Germany and the United States Senate has so far prevented us from stipulating our allies to the end of this war. It is an outrageous situation. The League of Nations can not put us into another war without the consent of our Congress; and our Congress can put us into war at any time whether we belong to a league or not. When anybody tells the voters otherwise, he is simply trying to deceive them.

Which would you rather our country would do—join hands with 28 of the civilized nations of the earth in a solemn pledge to avoid and prevent war; or stay out along with Bolshevik Russia, Revolutionary Mexico and Unspeakeable Turkey?

Chas. Ponzl, an Italian, is in jail in Boston for collecting \$15,000.000 from suckers living in and around that highly cultured city—the "hub of the universe," as Bostonians believe and claim it to be. His scheme was simple and so were the 40,000 who bit. He gave his note for each amount deposited and promised fifty per cent profit in 45 days. The money poured in so fast that he paid all the first notes given without making a dent in his bank account. He knew this would bring a big rush of new suckers, and it did. He claimed to have a mysterious plan of making enormous profits from foreign exchange, owing to the unsettled condition of money values in the different countries. The United States government stepped in and halted Ponzl while making an investigation. This exposed the fraud, burst the bubble, and prevented him from escaping with millions. Those who swallowed the hook will lose about \$2,400,000. They are mostly people of very moderate means. It was the biggest fraud ever executed in this country and shows how easy it is to separate the people from their money.

MARGARET CYRUS RIDDLE

Was born June 2, 1857, died August 13, 1920, age 63 years, 2 months and 11 days. She was the widow of John Riddle, who died nearly two years ago. They were married December 18, 1872. To this union was born eleven children, nine sons and two daughters, all living but one, Frank, who died in infancy. She was the very best kind of a wife and mother, she had a lovely and agreeable family. They are all honorable citizens, intelligent and business like.

Sister Riddle has been a life long member of the Baptist church and has been faithful to its vows and to her Lord. She lived and died the victorious life of the Christian. She had friends by the hundreds and relatives by the score. The sons and the daughters were all present at the funeral, the sons acted as pallbearers. She was buried by the side of her husband at the family burial ground, near their old home on Durbu creek, Ky. Our loss is Heaven's gain, and we trust that this family circle shall be unbroken around the Great White Throne. Over my heart in days that are flown, No love like mother's love ever has shown.

No other worship abides and endures, Faithful, unselfish and patient like yours, None like a mother can charm away pain, From the sorrowing soul and the world weary brain.

"The Rats Around My Place Were Wise," Says John Tuthill.

"Tried everything to kill them. Mixed poison with meal, meat, cheese, etc. Wouldn't touch it. Tried RAT-SNAP, inside of ten days got rid of all rats." You don't have to mix RAT-SNAP with food. Saves fussing, bother. Break a cake of RAT-SNAP, lay it where rats scamper. You will see no more. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Louisa Drug Company, Louisa, L. F. GOV. COX BEGINS SPEAKING TOUR

Great Enthusiasm Aroused by his Honest, Open and Progressive Utterances.

Wheeling, W. Va.—"I pledge to you my word that Senator Warren G. Harding will not make a separate peace with Germany because he will not have the opportunity to make it. And there will be no separate peace with Germany because I will not make it."

This was the dominant note in the five addresses with which Governor James M. Cox, of Ohio, plunged strenuously into the campaign for the Presidency. Each time the pledge was uttered it brought his hearers, cheering, to their feet.

Wherever he mentioned the League of Nations or the name of the President, Governor Cox was interrupted by a demonstration.

He said that he wished he might have taken every man, woman and child in the country with him when he went to call upon the President at the White House, as he wished that they might know the thought that absorbed him. "It is this," said the Governor: "He gave a promise to the mothers of the nation when he asked for their boys. He gave to them the promise that we were fighting to make future wars impossible and to end war forever. Now he wishes to see the faith kept and the pledge redeemed."

Wherever he mentioned the League of Nations covenant was not a perfect document. "It is the work of human hands," he said, "but it is a step in the right direction. It is intended to prevent war. The Constitution of the United States was questioned by a lot of doubting Thomases when it was framed, but the constitution was founded upon the fundamentals of human justice, and it has endured."

"And so the League of Nations is founded upon the principles of human justice. It will be ratified soon after the fourth of next March. There has been enough conversation on the subject. The American citizens demand action, and so far as it is in my power to do so I shall give action."

Interpretative Clauses Promised. "The treaty will be ratified with such additions as may be needed to interpret our meaning and to safeguard every interest that needs to be safeguarded."

One of the greatest orations that he received during the day was when he referred, in the course of his speech before the West Virginia Democrats, to his own administration in the state of Ohio.

"For six years," he said, "I have been in executive authority in the great industrial state of Ohio, with its 6,000,000 of inhabitants. During all that time I never have pressed a soldier into an industrial controversy. During all that time never a shot has been fired to settle a strike."

"Substituted the Golden Rule."

"Ask the employers of Ohio whether or not property has been disturbed; ask the employees of Ohio whether or not government has been fair; ask the highest Courts of the state whether or not the laws have been respected and upheld. And why? Because for violence and oppression we have substituted the Golden Rule."

"What can be done in Ohio can be done in the nation. If elected, I promise a square deal to capital, a square deal to the man who labors, the end of reactionary government and the continuance of progressive government. I pledge to you the best efforts of a man who faces the dawn of tomorrow and not the setting sun of yesterday."

The men who have banded themselves together shall not prevail at the polls. They shall not become the sponsor of government, but they shall live under the eye of government and shall be made to practice the Golden Rule."

PEOPLE'S COLUMN

(Citizens are welcome to use this column for discussion of matter of public interest. Name of author must accompany each letter to protect us from liability but need not be printed unless desired. If the article keeps within reasonable bounds. Be as brief as possible.—Editor.)

Estep, Ky.

Editor Big Sandy News: I will write a few lines. I was born in the year 1862, was a small boy when the civil war broke out; was too young to go in that war and too old to get in this last war, so I missed all the good times that the old men talk about. It was a good time compared to the time most of the boys had at home that were born from 1848 to 1856. True, some of these had sons to go in this last war to help the old folks along while there are others that have no help now. I will insure that all those last ones that lived a clean life and have nothing only what they scratched out of the earth are hard up and can't make anything to sell and can't hold a job to get the big wages. What few there are alive about my age are broke down. They got their stunt in the civil war trying to do men's work. This class did not get any coffee or sugar for a long time. It took it all for the army.

Now, taxpayer, I will come to our county. It has been some time since I read your letter in the NEWS. It was good as far as it went. I will try to say something about our part of the county. Our school district has the school house down near the lower end of the district. There are only five families now living on the branch I live on, the road is most the time in the branch until the kids get to the big creek and there is no bridge. They have to cross this big creek four times before they get down to the school house. The name of the district is Mud Suck—very well named. Now I can't find any one that remembers when the county ever paid one cent on the roads here. The trustee lives down at the lower end of the district and I haven't seen or heard of our school superintendent being in this neighborhood and I don't suppose he knows anything about how it is here. They say that the law says you must send the kids to school or be fined. If a child gets drowned or is made sick fording this creek who is responsible for that child's life or the doctor's bill if it should get well.

I am trying to take care of two grand children, one seven and the other nine years old, that have no mother. We want them to go to school. We sent them to school this morning as soon as we could get books, had to send to Callettsburg for them. We got two little books not much larger than an almanac and paid seventy-two cents for them. Now, I believe that every land owner along this route would give the land to put the road out of the creek, and mostly make the road. If the county would put up one bridge, but when we talk about it, we say there is no use. Our county officers can't talk about anything in the way of roads only the Mayo trail. Say, Mr. Taxpayer, I will give you something to think about: How many county officers have we got that are getting money out of the taxes that we pay that we don't need and we can take the money they draw and build us some bridges?

Now, I am nearly sixty-eight years old and never tried to write to a paper before. It never came into my head to try to make anything only by working and thank the Lord I have worked in the fields ever since I was nine years old. If I got anything any other way I would be getting what belonged to some one else. So you may know that I haven't got much. I thank the Lord that I never got anything only by working.

ANNUAL MEETING KENTUCKY SUNDAY SCHOOL CONVENTION

Plans are being made for the State Sunday School Convention which will be held in Louisville October 5, 6, and 7th. It is expected to be the largest and best meeting in the history of the Kentucky Sunday School Association.

Mr. W. J. Vaughan, Field Worker, of Louisa, has written a song that has already been used in several county conventions and has proved to be so popular that Mr. Joplin, the general secretary, has had it printed in leaflet form and is distributing it. The song follows:

Let's Go To Louisville.

(Tune—Battle Hymn of the Republic)

There is a city in Kentucky just as fair as it can be,

With a welcome it is waiting to receive both you and me.

'Tis a great Convention City and it wants us one and all.

Then come along this Fall.

CHORUS

Then come along, let's go to Louisville, All aboard and off for Louisville,

Come along and go to Louisville To the Ky. S. S. C.

From the Mountains and the Purchase, from the Bluegrass and the hills

We are coming from all churches to the City at the Falls.

There to gather in convention with a thousand workers strong.

Come and join the throng.

We are going there to get a vision and will set our souls on fire

As we listen to the speeches and the music of the choir.

Yes, we are going to Louisville, we are going, sure we are—

On the Fifth of October.

—W. J. Vaughan, Louisa, Ky.

Mr. R. C. King Tells a Wonderful Story About Rats. Read it.

"For months my place was alive with rats. Losing chickens, eggs, feed. Friend told me to try RAT-SNAP. I did. Somewhat disappointed at first not seeing many dead rats, but in a few days didn't see a live one. What were not killed are not around my place. RAT-SNAP sure does the trick." Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Louisa Drug Company, Louisa, L. F. Walman, Louisa, R. T. Berry & Son, Blaine, Frank Fraser, Fort Gay, W. Va.

Featuring a Select Group of The New Coats For Fall

Madame, prepare yourself for a real style treat—for the new coats are here—not many, of course, but enough to assure you that the modes for Fall are going to captivate you—completely. The lines are so gracefully becoming, the materials so rich and the trimmings so well chosen, that you will be unable to offer the least criticism.

LINES—FROM SHOULDER TO HEM

The semi-dolman effect—but an entirely new origination of this favored mode—will be a feature of the early models, while the cape style and blouse models are sure to meet with instant approval. The large, self-formed sleeves and the gracefully loose lines present practical features that are interesting.

MATERIALS, COLORS AND TRIMMINGS

Voldyne, Duvetyn, Evora, Bokahara, Crystala and Evora-Colondona, as the favored materials, present an irresistible array, while the colors most favored are yalama, zanabar, new green, bluejay, pine-needle, twilight, moonstone, nanking deer, mouse and the various rich shades of brown and blue. They are trimmed with rich furs, braids and fancy stitching.

Mines on Ky.-W. Va. Border Resume Work

Mines along the Tug river in Mingo county, W. Va., and Pike county, Ky., where Kentucky militiamen are nightly guard because of firing across the border by striking miners, are making strong efforts to reopen, and are meeting with property destruction, according to information from there.

Captain Millikin reports that the Vulcan mine at Williamson tried to open Friday for the first time since the strike. A bolt had been saved. It was found, breaking the connections of a wire cable, and the conveyor buckets were thrown loose, destroying the buckets and tipple and causing heavy damage.

Of the seventy mines to which the strike order was directed, forty reopened and were for a time closed, he said. Eighteen have since resumed operations, leaving 22 still idle in the strike territory.

The mines which have resumed operations include: Borderland & Borderland, Borderland Coal Corporation, No. 1 and No. 2; two mines of the Grey Eagle Coal Co., Kermit; Naugatuck Coal Co., Blount; Wilhelmnia Coal Co., Williamson; Burning Creek Coal Co., Kermit; Flow Mining Co., Kermit; Earlston Coal Co., Kermit; Sycamore Coal Co., Cinderella; Thacker Coal Co., Nos. 2 and 18, Thacker; Vulcan Colliery, Vulcan; Crystal Block Coal & Coke Co., Hawk; White Star Mining Co., Merrimac; Hunt Forbes Coal Co., Williamson; Pond Creek Bl-Products Coal Co., Williamson, and Williamson & West Virginia By-Products Coal Co.

Pikeville, Ky.—All but three mines on the Kentucky side of the river now are running, according to word brought from the mining sections.

There has been no more violence as a result of the striking on the West Virginia side of the border since the early part of the week when a fight preceded the arrest of three men, charged with having shot at State militiamen from ambush.

No mines have closed since last week. Sheriff Sowards says indications at present are that the State Guardsmen will not be withdrawn for several weeks at least.

GRIFFITH CREEK

J. H. McClure attended the farmers meeting in Louisa Saturday.

Rev. W. G. Pennington attended church at Ashland Saturday and Sunday.

Eleanor, little daughter of Herbert Lemaster is very low with whooping cough.

George Barker of Ashland is here the guest of his nephew, J. W. Harris.

U. G. Sammons is doing quite a bit of work on the interior of his home, which with the work done last season will, when completed, be practically new throughout.

Mrs. Maud McKnight of Ashland is here the guest of her parents, Rev. and Mrs. W. G. Pennington.

Misses Blanche and Gussie Sammons are at Ledoclo the guests of friends.

Miss Jettie Moore has returned home after a week's visit with her aunt, Mrs. Gills Simpson of Louisa.

J. W. Harris left Monday for Ashland on a business trip.

A crew from Luz came down Monday for a large amount of repair work on the gas line through here.

Herbert Lemaster killed a very large rattlesnake Sunday at Needmore.

The huge rattler had come from the mountains presumably for water and instead got his Waterloo. It was the largest killed in this community for four years.

Warren Castle, "The Rowligh Man" paid us one of his regular visits Tuesday.

HUNTINGTON CHILD KILLED.

Huntington, W. Va.—Lena Lucille Lucas, eight years old, was struck and killed Sunday afternoon by an automobile driven by Okay J. Morgan. He is a salesman, 24 years old, and lives at Davy, W. Va. Police arrested Morgan on a charge of murder, but he was later transferred to the state and charged with manslaughter. Magistrate D. W. Frampton released him on bond of \$1,000.

Lena Lucas, with her two sisters, Sylvia, 14, and Annie, 12, was standing on the southwest corner of Third avenue and First street, intending to cross the street. All of them started to the other side, but Sylvia and Annie stopped when they saw an Apperson touring car coming west on the avenue, my witnesses. Lena continued, evidently not seeing the machine, he said, and was run over by the car.

Morgan says that as soon as he saw he had hit the child he stopped and took her to the Kessler-Hatfield hospital. She died a few hours afterward.

C. & O. DETECTIVE KILLED.

Just a few hours after two men had been arrested at Callettsburg, and charged with shooting him, Bob McClain, C. & O. detective, died Wednesday from wounds received when he attempted to put two hoboes from a freight train at Salt Rock Sunday.

The men held by the police in connection with the shooting are Dick Walker, 24, and A. O. Walker, 19, brothers. Both of the men deny any connection with the shooting.

McClain was shot four times by the hoboes, the first shot striking him in the hand and crippling him to such an extent he could not use his pistol. His assailants then shot him three times through the body. McClain is survived by a wife and step-son, residing at Huntington and by his parents in Charleston, where his body will be taken for burial.

Ohio Reunion of Former West Virginians

On Sunday, Aug. 8, 1920, former residents of West Virginia, numbering about 80, gathered at the Pittman Park, Pittman, Ohio, where a most enjoyable time was had by all present. The day was spent in games by the younger people and reminiscence of by-gone days by the older folk. Many happy times were recalled and many wishes expressed that others could also have enjoyed the day at this reunion.

Best of all was the most elaborate dinner imaginable, the product of baskets brought by the families represented, and served on the picnic tables on the grounds. It is not possible to enumerate all the delicacies served, suffice to say all were amply fed and enough remained to accommodate as many more.

A large truck carrying 25 or more was the means of transportation of those present from Wadsworth, Ohio, many others coming in automobiles and by rail. All departed at a late hour in the evening with plans for a larger meeting next year, place to be decided at some future time.

Among those present were: Mr. and Mrs. Lee Noble and family, Rittman; Mr. and Mrs. Tom Hockingham and family, Wadsworth; Mr. and Mrs. J. M. Buckingham and family, Burbank; Mr. and Mrs. Henderson Huff and family, Rittman; Mr. and Mrs. Alvin Huff and family, Rittman; Mr. and Mrs. Alvin Huff and family, Rittman; Mr. and Mrs. J. W. Booth and family, Wooster; Mr. and Mrs. Alex Christian and family, Barbanks; the family of Doc Christian, Wadsworth; Mr. and Mrs. Harrison Trent and family, Rittman; Mr. and Mrs. Joe Buckingham, Kennore; H. G. Vicars and son Archie, Ft. Gay, W. Va.; W. E. Keel, wife and family, Cleveland; Chas. Booth and wife, Rittman; Harry Fixler and wife, Wadsworth; Joseph Dyer, Kenova, W. Va.; John E. Trent, Rittman, O.; Henry Dandy, wife and family, Rittman; Curtis Bellomy, Echo, W. Va.; Herman Workman, Echo, W. Va.; Kelly Thompson and family, Rittman; Florida and Hazel Ferguson, Rittman; Fred Large, Richland, W. Va.; Walter Blake, Richland, James Christian, Richland; Hubert Saunders, Echo; Mr. and Mrs. F. F. Wehner, Rittman; Mrs. Etta Clark and family, Rittman; Arthur See, Rittman; Clarence Riggs, Fort Gay; Noah Artip, Keokuk, W. Va.; Abner Vicars, Fort Gay; Garland Boyes, Rittman; John Thompson, Rittman; Vernon Thompson, Sidney, W. Va., and many others whose names were not obtained.

PENSIONS.

By the terms of an Act of Congress approved June 5, 1920, all persons who served ninety days or more in the military or naval service during the war with Spain, the Philippine Insurrection, and the China Relief Expedition, who have been honorably discharged therefrom, who are suffering from any mental or physical disability of permanent character, not the result of their own vicious habits, are, on making due proof, entitled to receive a pension, not less than \$12 per month, and not exceeding \$30 per month. I have been admitted to practice before the Department of the Interior and its Bureau thereof (except the patent office); if any of the above named ex-soldiers have not made their application for pension, I shall be pleased to assist you in a legal manner. I, too, saw service in war with Spain.

APRON AND FROCK

Designs Effectively Carried Out in English Prints.

When White Organdie Fichu is Used the Ends Are Tucked Under the Band.

Any number of pretty flowered voile frocks have real aprons of organdie. The strings of which form a cash. Some of these have fichu as well as aprons. Such designs are most effective, especially a fashion writer, when carried out in the fresh, crisp-looking English prints of small design. The aprons are not at all like the panel skirts which have come to be known as apron skirts. They are real aprons, just like a maid's apron, with big strings tying in the back. When a white organdie fichu is used the ends are tucked under the apron band. Sometimes, when the apron is not used, the fichu crosses at the waistline and continues to form a big cash in the back.

A shade of blue chambray known as blue bonnet blue and which is somewhat darker than a French blue, makes very pretty morning dresses for the country. With some white linen and rickrack braid to be used as trimming, very pretty designs may be easily worked out.

A pleasing way of making such a frock is to cut it with a long waist portion hanging loose like a smock and attach to it a straight little skirt. A loose panel gathered with a heading may be placed at either side, the panels, heading and all, edged with the rickrack braid and the frock washed with white linen. These blue chambray dresses are very pretty made with frilled white organdie aprons.

PRESENCE OF ORGANDIE HATS

At Least One Piece of This Charming Headgear is Regarded Necessary by All Women.

Organdie hats are just now diverse and beautiful. A few seasons ago they popped into the horizon as a possibility and were given more or less passing and amused attention, but now everybody is doing at least one organdie hat. It is a hat to lead women astray and to lure from their pocketbooks much more money than they had planned to let slip away in that direction, for such hats are apt to be so becoming that, in spite of the fact that they are perishable in the extreme, they are irresistible.

In pastel shades and colorings these organdie hats have reached their highest development. The violets and pinks and yellows are fascinating. Often they are trimmed with nothing at all, but are so constructed and shaped that their rolling brims and their softly folded crowns take care of the whole duty of a hat. Then there are some which are trimmed with big sparkling bows of the same material. Others are done with fluted bows to shine in with the frocks which the hats are designed to accompany. One of these organdie hats was made of white and was trimmed with a large and sweeping bow of wide black velvet ribbon across the front. One could picture it worn with the whitest of white dresses made also of the organdie white organdie material. Another organdie hat had a band of purple little ribbon wound closely about the base of the draped crown of mauve. Another had a basket of fresh and modern posies embroidered on the front of a draped pink organdie crown. They are done in all manners—these transparent hats of summer—and each one is most charming.

DANSIES USED AS TRIMMING

The daisy trimmed straw chapeau—a hat finished at the edges with raffia dansies is one of the latest Parisian fashions.

To Launder Worn Curtains.

Darn all holes by placing tissue paper underneath, then sew closely on sewing machine. Make a suds hot as can be borne on the hands. Fold the curtains flat, small enough to go through the wringer. Work carefully with the hands, press through wringer. If much soiled use another soda, rinse and starch without unfolding, using wringer for each. Spread sheets on a carpet and pin. Carefully unfold curtains, spread out perfectly true and even, then pull out each scallop; the wet curtain will adhere to the sheet without planing and when dry will hang as true as if stretched on a frame.

Practical House Dress.

A practical house dress that is easily laundered is cut in one piece with long kimono sleeves and is made down the front.

HOME CIRCLE COLUMN

God give us men. A time like this demands strong minds, great hearts, true faith and ready hands; Men whom the lust of office does not kill. Men whom the spoils of office cannot buy; Men who possess opinions and a will; Men who have honor—men who will not lie; Men who can stand before a demagogue And scorn his treacherous flatteries without winking; Tall men sun-crowned, who live above the fog. In public duty, and in private thinking.

A visitor from another world might get the impression that worry is our dearest friend instead of our deadliest enemy. Did you ever hear of any good coming to a human being from worry? Yet worry is a visitor at every wedding and funeral and is a guest in every home. There may be some excuse for a man to worry over some inevitable happening yet even in this instance worry will not help the matter any. But the most foolish thing is for a man to rob himself of his peace of mind, his strength and ability to work, by dissipating his nervous energy over anticipated troubles which never come. Worry is as much a habit as the drug habit and just as deadly. Don't indulge in it. Most men who have failed in their business have been mental failures first. Don't cramp your ability by needless fretting. Do the best you can. More than that is not expected or demanded.

Character is a record of our thoughts and acts. That which we think about most, the motives which are uppermost in our minds are constantly solidifying themselves into character. Consequently we should keep a guard at the door of our thoughts and see that only the best thoughts enter. Immoral thinking sooner or later makes immoral men and an immoral man, though he practices his immorality secretly and retains the respect of his fellow men, loses his self-respect which is his dearest possession. The world is beginning to learn that there is a close connection between the moral faculties and the physical health. Absolute purity of one's thought and life means good health, good thinking and good work.

To return to our Maker at the close of life our body scarred and worn by immorality and heedlessness instead of the beautiful body he gave us, is a most ungrateful return for a life of wonderful opportunities.

It has been said that from the same materials one builds palaces, another hovels, one warhouse, another village, bricks and mortar are mortar and bricks until the architect makes them something else. The block of granite which was an obstacle in the path of the weak becomes a stepping stone in the path of the resolute. The difficulties which dishearten one man only stiffen the sinews of another, who looks upon them as a mental spring board by which to vault across the gulf of failure to the sure, solid ground of success.

There are some people always looking out for slights. They cannot pay a visit, they cannot carry on the daily intercourse of the family without suspecting some offense is designed. They are as touchy as hair triggers. If they meet an acquaintance on the street who happens to be pre-occupied with business they attribute his abstraction to some motive personal to themselves, and take umbrage accordingly. They lay on others the fault of their own irritability. A fit of indignation makes them see impertinence in everybody, with whom they come in contact. Innocent persons who never dreamed of giving offense have their momentary tactlessness mistaken for an insult. To say the least the habit is unfortunate. It is far wiser to take a more charitable view of our fellow beings, and not suppose a slight is intended unless the neglect is open and direct. After all, life takes its hue, in a great degree, from the color of our own mind. If we are frank and generous, the world treats us kindly. If, on the contrary, we are suspicious men soon learn to be cold and cautious in their dealings with us.

Unselfishness brings us certain dividends which no condition of the market can deprive.

GOOD HEALTH HINTS

Oklahoma Farmer Gives Sound Advice on Avoiding Sickness.—Used Black-Draught 30 Years.

Cameron, Okla.—"I have used Theodor's Black-Draught for about thirty years, and certainly ought to know by this time what a good medicine it is," says Mr. T. L. Bottler, a well-known farmer of this place. Mr. Bottler has passed his three-score-and-tenth year, but declares his health still is good, "and I can say Black-Draught did his part."

"Where there is a lot of malaria, a liver medicine is a necessity, and I have never found one better than Black-Draught," continues the Oklahoma farmer. "It is one that I know to be reliable. I sure use it for the liver, stomach, constipation, indigestion, and it has done me a world of good. We use it for the family, and it gives satisfaction."

"Most trouble, or sickness, comes from the liver, and if taken in time can be avoided. That is why I use Black-Draught as I do. I am much pleased with results obtained."

Theodor's Black-Draught is purely vegetable. It acts on the bowels, gently stimulating the liver, and helps increase the normal flow of bile into the intestines. It assists in the digestion of food, and relieves constipation in a prompt and natural way.

Ask your druggist for a package today. Insist on Theodor's. NC-139

SUMMER MEAT DISHES.

Veal, chicken, sweetbreads and lamb are meats suitable for summer lunches. Minced cold cooked veal, seasoned to taste, reheated in a white sauce and spread on thin slices of buttered toast, makes a good breakfast dish with a poached egg.

Meek Terrapin.—Cut cooked calf's liver into dice. Put a tablespoonful of butter into saucpan, add salt, pepper, and paprika, cook until the butter is brown, then add two table-spoonfuls of flour and enough stock to make a moderately thick sauce. The stock may be made with beef extract and water. Add a little chopped parsley, half a cupful of cream, two hard cooked eggs cut fine, a table-spoonful of lemon juice and the liver. Cook until the liver is heated through; remove, add a dash of orange juice and serve at once on buttered toast.

Veal Croquettes.—Chop cold cooked veal very fine. Season with pepper, crated onion, paprika and tomato catsup. Bind with a raw egg, or a very thick cream sauce. Shape into croquettes, dip in egg and crumbs and fry in deep fat.

Escalloped Veal.—Mince cold cooked veal very fine. Butter a baking dish and put a thin layer of veal in the bottom, with a sprinkling of onion on top. Then add a layer of fine bread crumbs well buttered, chopped parsley, then another layer of veal and so on until the dish is full, having buttered crumbs on top. Pour milk into the pan until the dish seems moist and bake slowly until it is done, with an inverted pan over the dish to keep in the steam. Remove the pan ten minutes before serving to let the top brown, adding more butter if necessary.

Creamed Sweetbreads.—Parboil, drain, cut up a pair of sweetbreads. Make a cream sauce, add chopped mushrooms that have been cooked in butter five minutes, season to taste and serve in timbales or in paper cases.

SET ME RIGHT TWO YEARS AGO

LOUISVILLE MAN SAYS HE HAS
HAD SPLENDID HEALTH SINCE

TANLAC ENDED HIS
TROUBLES.

"You may put me down as one Louisville man who will always praise Tanlac, for it set me right two years ago and has kept me in fine shape ever since," said W. T. Carman, 442 South First street, Louisville, Ky., in conversation with a special Tanlac representative recently.

"Before I got Tanlac," he continued, "I had suffered from indigestion for twenty years, and during that time I had many acute attacks that rendered me unfit for work for several weeks at a time. My stomach seemed to be weak and upset nearly all the time, and after every meal I suffered from a sour gas that formed on my stomach. Then several years ago I was taken down with a spell of typhoid fever that left me in a badly run-down condition, and my stomach in a worse shape than ever. My liver became enlarged, I was constipated all the time and had that tired, worn-out feeling. My joints were stiff and every bone in my body seemed to ache, and I also suffered from bronchial trouble.

Following my usual custom of trying everything I heard of, when I saw Tanlac advertised I bought a bottle, and after taking about half of the first bottle I knew I had at last struck the right medicine, for there was a considerable improvement in my condition. I stuck right to Tanlac until my trouble completely left me and I felt like a new man. Since that time, two years now, I have made it a rule to take a bottle of Tanlac about every six months to keep my system in shape. I eat just anything I want at any time and never have an ache or a pain. So I can testify to both the immediate and lasting results that come from Tanlac, and I am glad to make a public statement for what it may be worth to others who are needing such a medicine."

Tanlac is sold in Louisa by Mrs. J. H. Reynolds.

RESOLUTIONS LEAH REBEKAH LODGE No. 56.

Whereas, it has pleased the Supreme Ruler of the Universe to knock at the door of our lodge and call from our beloved brother, E. P. Webb, who departed this life July 16, 1920, he was highly esteemed by this body, his entire life was useful and energetic.

Though his voice is now forever hushed in the stillness of death, his presence among us forever gone, yet not even time can efface from our gatherings his former wise counsel. Great as his loss is to us as a brother, friend and associate, greater still is it to those nearer and dearer to him. The surviving father, mother and children, may God bless and watch over them.

Therefore be it resolved, That in the death of our brother we have lost a living model of man and while we humbly bow to the ruling of Him that doeth all things well we rejoice in the belief that he has only been transferred to a brighter sphere.

Resolved, That to the bereaved family and friends we sincerely tender our heartfelt sympathy and beseech Him, the giver of every good and perfect gift, to look down upon them in tender mercy.

Resolved, That a copy of these resolutions be spread upon the minutes of this lodge, a copy be published in the Big Sandy News and a copy be sent to the bereaved family.

DORA JOEDAN,

J. H. EBERS,

BERTHA COCKSEY,

Committee.

As sure as you
are a foot high—

you will like this Camel Turkish
and Domestic
blend!

Camel

YOU never got such cigarette-contentment as Camels hand you. Camels quality and expert blend of choice Turkish and choice Domestic Tobaccos make this goodness possible—and make you prefer this Camel blend to either kind of tobacco smoked straight!

Camels mellow-mildness is a revelation! Smoke them with freedom without tiring your taste! They leave no unpleasant cigarette aftertaste nor unpleasant cigarette odor!

Give Camels every test—then compare them puff-for-puff with any cigarette in the world!

Camels are sold everywhere in substantially sealed packages of 20 cigarettes; or ten packages (200 cigarettes) in a glass-tight paper-covered tin. We strongly recommend this system for the home or office supply or when you travel.
